

PKCELL are one of the largest manufacturers of batteries and power cells in Asia, providing high quality, cost effective battery products in over 30 countries throughout the world.

Specialising Super Alkaline and Zinc Chloride primary batteries, used in the majority of battery operated equipment, PKCELL also produce both consumer and industrial Ni-MH, Ni-Cd, Li-ion rechargeable batteries.

Batteries can be produced to your exact specifications by our R&D team and professional designers. With quality control rigorously performed to international standards.

Applications for PKCELL batteries range from watches, MP3 players and digital cameras, right through to medical equipment and machinery.

Sticking to the principles of high quality, competitive price and professional service, you can rely on PKCELL to deliver every time.

PKCELL...A Perfect Power Solution.

			4	48	720
	AAA (LR03)	140min	2	20	360
			4	48	720
9V	9V (6LR61)	720min	1	12	144
12V	C (LR14)	990min	2	12	288
	D (LR20)	1800min	2	12	144

### Super Alkaline AA Box of 12 Packs [AA , LR6]

12 x 4 Pack of PKCELL Super Alkaline AA (LR6) Batteries.

Model: LR6  
 Size: AA  
 Jacket: Aluminium Foil  
 Capacity: 3.9ohm,24h/d,350 minutes  
 Chemistry: Alkaline MO2  
 Height: 49.2-50.5mm  
 Diameter: 13.5-14.5mm  
 Shelf Life: 5 years

### Super Alkaline AAA Box of 12 Packs [AAA , LR03]

12 x 4 packs of PKCELL Super Alkaline AAA (LR03) Batteries.

Model: LR03  
 Size: AAA  
 Jacket: Aluminium Foil  
 Capacity: 3.9ohm,24h/d, 140 minutes  
 Chemistry: Alkaline MO2  
 Height: 43.3-44.5mm  
 Diameter: 9.5-10.5mm  
 Shelf Life: 5 years

## Super Alkaline 9V Box of 12 Packs [9V , 6LR61]

12 x 1 PKCELL Super Alkaline 9V (6LR61) battery.

Model: 6LR61

Size: 9v

Jacket: Aluminium Foil battery

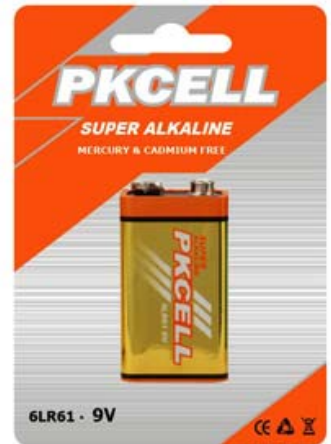

Capacity: 2700mAh, 24h/d, 720minutes

Chemistry: Alkaline MO2

Height: 48.5mm

Diameter: 17.5mm

Shelf Life: 5 years

## Super Alkaline C Box of 6 Packs [C , LR14]

6 x 2 Pack of PKCELL Super Alkaline C (LR14) batteries.

Model: LR14

Size: C

Jacket: Aluminium Foil

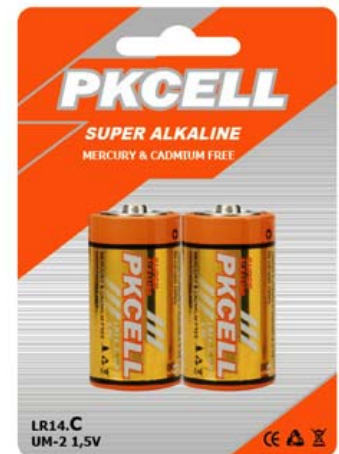

Capacity: 3.90Ah, 24h/d, 990 minutes

Chemistry: Alkaline MO2

Height: 50.0-51.0mm

Diameter: 25.8-26.2mm

Shelf Life: 5 years

## Super Alkaline D Box of 6 Packs [D , LR20]

6 x 2 Pack of PKCELL Super Alkaline D (LR20) batteries.

Model: LR20

Size: D

Jacket: Aluminium Foil

Capacity: 3.90Ah, 24h/d, 1800minutes

Chemistry: Alkaline MO2

Height: 59.5-61.5mm

Diameter: 32.5-34.5mm

Shelf Life: 5 years
